Mr Mike Ianarella
1537 Chestnut St.
Phila. Pa.

Dear Mike:

I am writing to enclose copy for my next set of cards. The same condition exist that we had once before, quite a few games with only a day or so in between. As a result I think it will be wise to put all the games on the one card in the form of a schedule.

This means we will use the bigger card, and more of them.

First of all please check this schedule with Gottlieb before you make the cards. I do hope it is OK as Adler is making me the pocket schedules, and have started them already.

I hope you have enough material to send 400 to Pope Green here in Newark, 25 to Larrimore in Trenton and 25 to Tate in Jersey City.

I hope we have descent weather for these August dates. We will be playing a lot of ball in Newark, but I think it will stand it, especially with the western teams.

Send these cards as soon as you can. It won't hurt to get them out, as we are away, and will be until this first game August 8th.

Thanks for cooperation.

Very Truly Yours
